# **COATINGS 101 – Intro to Coatings**

## **Coatings for Non-Formulators**

*A basic understanding of the paint & coatings industry and how it operates.*

*To be held in conjunction the SSCT 2023 Annual Meeting and Conference being held at the San Destin Golf and Beach Resort in Miramar Beach, Florida!*

*The approximate 8 hour, 2 day course is intended to provide a basic overview of the paint & coatings industry. Subjects will include market and application overviews, raw materials, coating formulating, processing and application. This course is intended for the employees of companies supplying raw materials or involved in coatings manufacturing including sales, office support staff, quality control, technicians and new chemists, operations and purchasing. A certificate of completion and 1 CEU credit will be awarded after completion of the course.*

*Cost of the course is \$395 per person for members/\$495 for non-members for Advance Registration. The course will run concurrent with the SSCT Annual Meeting. Attendance at the meal and social events of the SSCT annual meeting will also be included. Travel and hotel costs are not included.*

*If you have any questions, please email [ssctorg@gmail.com](mailto:ssctorg@gmail.com)*

*Registration is open online at [www.ssct.org](http://www.ssct.org)!*
