

Presents

## **Advance Coatings Topics Short Course: *Pigments***

Presented by experts in the industry! Pigments will be this year's special topic class! For the second year in a row, we will open the Advanced Coatings Topics to everyone, even if you registered for the technical talks! So, if there is a session in the Advanced Topics Short Course you want to attend; you are welcome to attend even if you registered for the technical talks! Class notes will be available to those who sign up for the short courses!
