

SSCT 2026 Annual Technical Conference

Renaissance Asheville Downtown, Asheville, NC

June 7-10

Presents

COATINGS 101

Introduction to Coatings

A basic understanding of the paint & coatings industry and how it operates.

To be held in conjunction the SSCT 2026 Annual Technical Conference!

The approximate 10 hour, 3 - half day course is intended to provide an overview of the paint & coatings industry.

Subjects include:

- ***Market and Application overviews***
- ***Raw Materials and their Function***
- ***Basic Coating Formulating***
- ***Processing and Application***
- ***Terminology***

This course is intended for those supplying raw materials, involved in coatings manufacturing, coatings sales, office support staff, quality control, technicians, new chemists, and operations and purchasing personnel new to the coatings market.

As a part of the course, you will receive a book of the slides with a place for notes that you can keep as a reference. Fees are listed on the registration form. The course will run concurrent with the SSCT Annual Conference. Meal and social events of the SSCT Annual Conference are included. Travel and hotel costs are not included. Registration is online at www.ssct.org

Please email ssctorg@gmail.com if you have any questions! Thank you for your support of the SSCT! See you in June!
